really appreciate the support of those of you who voted for me for National Coordinator and for all of the SEMA region members who have supported me as your representative for the last 4 years and 11 months. I hope I have not disappointed you as I have done my best to represent your interests in the project. I no longer feel I am effective in that position.

As National Coordinator, I have received the immediate resignation of Linda Blum-Barton. With this note it is accepted. I wish Linda all good things in her future endeavors. Thank you for your service to the USGenWeb Project.

(27 Aug 2008) By Phyllis Rippee

The vote I have just cast is my last official act for the Project. I know that there are only 5 days left before I would leave anyway. However, my health is more important to me than "toughing it out" for those 5 days.

Therefore, I respectfully bid a Farewell to All and ask that Tina completely unsub me from all Board lists. This resignation is effective immediately.

(28 Aug 2008) By the NC

It is with regret that I accept the resignation of Phyllis Rippee. Phyllis, thank you for your service and dedication to the USGenWeb Project. I wish you well in all your future endeavors.
