I understand that some people are having difficulty in obtaining their passwords. Please know that our IT person is working on that presently. I also understand that sometimes it is difficult to know where to go to request your password for voting in the current election.

At the present time, please use this link for obtaining your password. If you are having difficulty, please do not hesitate to let the election committee know. I believe our IT person can see when there are problems,
but as you should know, I'm definitely not an IT person. The process is definitely being worked on.

Please check the following to obtain your password:

If you run into problems, please notify Gayle Triller, who is being copied on this email. Thank you for your patience.
