Good evening:

I've been in communication with Anne Mitchell who is handling the mailing lists and getting sites back online. Emails were sent to the volunteer to whom the counties were previously assigned; however, if a county was then transferred to a new volunteer, RootsWeb would not have had the updated email address. Consequently, the below email addresses bounced back to Anne.
First is the email address and then the site that was assigned to that email address. The State Coordinators should hopefully be able to identify your state and the prior coordinator.

To have the sites assigned to you as the State Coordinator, or to have the site assigned to a different CC, you should send an email to Anne Mitchell, advise that you are the SC for that state, let her know if you want the site assigned to a new CC, and/or provide her with your information as follows:

Anne Mitchell - amit...@ancestry.com

Your Name - Your Email Address - Your Position - Your State - Site Your Need turned over to you.

I received a call and spoke with the person who has hosted our national site for numerous years. His server company is down and they are working on getting it back online. So any site hosted on his servers are currently down.

OHGenWeb state site is on that server as well, and the counties hosted there are also offline at the present time.

They hope to have it back online soon.
